Placer READI is a group of Placer County mental health staff and community partners who represent the different and diverse groups in our community. It was formerly known as the Cultural and Linguistic Competency Committee.

Placer READI works to improve behavioral health services by being culturally responsive. We encourage community member participation to help reduce barriers to services. We also inform and make recommendations to other committees and influence the training needs for the Placer County System of Care.

Please join our group to make Placer READI a success!

To join our distribution list please contact:
