Fraud Watch Network

AARP'S COMMITMENT TO PROTECTING OLDER AMERICANS

AARP began more than 60 years ago after its founder, Dr. Ethel Percy Andrus, discovered a former teacher of hers living in a chicken coop. She was appalled that a woman who worked her whole life couldn't even afford a place to live. Ethel started AARP to protect the financial security of older Americans. Fighting fraud, including things like identity theft, is part of that core mission because it costs older Americans in communities across the nation billions of their hard-earned dollars each and every year, according to the Federal Trade Commission (FTC).

THE AARP FRAUD WATCH NETWORK

Scammers operate in communities large and small across our nation, and vigilance against scammers is our number one weapon. The AARP Fraud Watch Network is working to empower you in the fight against fraud by putting proven tools and resources right at your fingertips. Everything we offer is free—whether or not you're a member. It provides:

- Scam alerts, delivered right to your inbox;
- A scam-tracking map featuring warnings from law enforcement and people in your community so you'll know what to watch out for;
- A phone number you can call to talk to AARP volunteers trained in how to spot and report fraud.

YOU CAN PROTECT YOURSELF FROM FRAUD AND SCAMS

Last year, according to the FTC, 16.7 million Americans were victims of identity theft. If you can spot a scam, you can stop a scam. For tips and resources to help protect you, your family and friends, visit www.AARP.org/FraudWatchNetwork.
