BACKGROUND

The Substance Abuse Prevention and Treatment Block Grant (SABG) funds services to adults with substance abuse treatment needs. Supplemental SABG funding has been awarded to California's Department of Health Care Services through both the American Rescue Plan Act (ARPA) and the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA). Per federal requirements, these supplemental funds must follow different expenditure periods and must be tracked separately from the prime SABG award. The allowable and recommended program activities of supplemental funds are to increase treatment capacity and improve client outcomes.

Currently, the Adult System of Care (ASOC) leverages the primary SABG funding for many Placer County programs; which includes services to adolescent, perinatal, and underinsured clients for SUD treatment.

With ARPA and CRRSAA supplemental funding, ASOC is proposing to expand existing services
