SUBJECT: Placer County Office of Education for Independent Living Program Services Amendment

ACTION REQUESTED

Approve an amendment with Placer County Office of Education to expand Independent Living Program (ILP) Services increasing the contract by $22,547 for a total amount not to exceed $829,763 for the entire period July 1, 2020 through June 30, 2022, and authorize the Director of Health and Human Services to sign the amendment with Risk Management and County Counsel concurrence, and to sign subsequent amendments not to exceed $82,976 consistent with the agreement's subject matter and scope of work with Risk Management and County Counsel concurrence.

BACKGROUND

Placer County Children's System of Care (CSOC) is responsible for administering an Independent Living Program (ILP) for youth, including those in extended foster care, who are making the transition from foster care to independence. These services include workshops for employment and college readiness, budgeting, hygiene and health, case management, housing, and incentives to participate in the program. During the pandemic, there has been an awareness that youth have needed additional financial aid and additional services to cope with the stress and strain of transitioning to adulthood. This awareness has translated into state and federal enhancements of Extended Foster Care benefits and coronavirus relief dollars to support additional eligibility and social worker time to process the enhanced benefits and meet the support needs of Placer's youth.

FISCAL IMPACT

This multi-year contract includes Federal and Local Revenue Realigned funds. The original contracted FY 2021-22 amount was included in Department's FY 2021-22 Budget. The increased amount will be included in the Countywide first Quarter budget amendment. This contract requires no County General Fund contribution.
