

Bell Road Interchange Project

We want to hear from you!

This project will reduce congestion and improve safety by creating two multilane roundabouts at the I-80 and Bell Road interchange.

Placer County is currently seeking input from the community! Review the draft environmental document to provide your comments, and weigh in on aesthetic treatments for a new retaining wall along Musso Road.

Comments will be accepted until October 14th.

Environmental Document is available on the Project Website:

www.placer.ca.gov/1571/Projects

Select "Bell Road Roundabout at I-80 Project"

Hard copies of the environmental document are available at the Placer County Offices in Auburn

Vote on aesthetic treatments for retaining walls:
