

medication, vaccinations, preventative medicine and socialization for a small fee charged per kitten. This partnership allows Placer County Animal Services staff to focus on the other animals at the shelter and keeps fragile kittens out of the shelter, reducing their potential exposure to disease.

Animal Services has been impressed with the quality of Kitten Central's services and experience and due to an increased demand for those services, would like to extend their current agreement an additional year and increase funding to meet the increased demand.

**FISCAL IMPACT**

These services are funded with County General Funds and are partially offset through animal licensing fees, city contracts for services by the County, and adoption fees. These expenses are included in the Department's FY 2022-23 Budget for CC 14030- Animal Services budget and will be included in the Department's FY 2023-24 Budget for CC 14030- Animal Services budget.

**ATTACHMENTS**

None

The amendment is on file with Clerk of the Board for review.
