

Placer County Neighborhood Traffic Management Petition Form

Name of Person Submitting Petition form: _____

Date: _____

Phone Number: _____ Email: _____

Address: _____

Your street or neighborhood is being considered for participation in the Placer County Neighborhood Traffic Management Program (NTMP). This program addresses neighborhood speeding and traffic volume concerns through the use of traffic calming measures (signage, striping, medians, speed bumps, etc.), as voted on by the residents. The plan development (data collection, observations, meetings, identification of appropriate traffic calming measures, and voting) will be funded by the Placer County Public Works Department. However, the cost for implementation of the measures may be borne by the neighborhood.

To verify local support, please provide the names, signatures, and contact information of at least 10 residents and/or property owners 18 years and older (from separate households) who are interested in participating in the NTMP for your neighborhood. Once the petition is complete, return this form to Public Works staff to reserve your spot on the NTMP waitlist.

If the necessary signatures are attained, the Placer County Department of Public Works will initiate a neighborhood meeting to discuss neighborhood traffic issues and begin development of a traffic calming plan. The process can take 1-3 years to complete.
