POLICIES FOR SPORTS FIELDS

There has been a tremendous growth in youth sports with both new and emerging sports league organizations. Due to increased demand for the use of County athletic fields, the Placer County Parks Division finds it necessary to emphasize sharing in the use of all fields. In addition to Park Facility Reservation Procedures and Use Policies, the following pertains specifically to reservations for sports fields:

USER GROUPS/LEAGUES

User Groups are defined as a league, organized group of players, school or a team (User Group). User Groups typically use County field facilities for purposes including sport tryout, practice, competition, tournaments, pictures or similar events.

A League shall be defined as an association of sports clubs or teams that compete with each other.

LEAGUE SCHEDULING MEETINGS

1. Field allocation for Leagues within the Granite Bay and Loomis Basin areas are determined prior to the first of the year at annual League Scheduling Meetings.
2. Reservation requests for field use from Non-League User Groups, individual teams or the General Public will be taken beginning the first working day of January each year.

USE PERMIT REQUIRED

Field Use Confirmation Permits (Use Permit) are required for any use of County sports field. User Groups must complete a Reservation Application for County review and approval in order to obtain a Use Permit. A copy of the Use Permit must be on site at all times during use of the sports fields and produced upon request. User Groups found using County sports fields without a valid Use Permit will be required to leave the field. Tournaments and special events require a separate application to secure a Use Permit for the event. Examples are Opening Day Pictures, Championships, and Volunteer Work Days.

PROCESS FOR RESERVING SPORTS FIELDS

The Park Facility Reservation Procedures and Use Policies contain complete instructions for all Reservations. The following are specific to sports field reservation requests:

1. A completed application and payment must be submitted to the County a minimum of 10 working days prior to the requested use date(s). Large events such as end-of-season celebrations will require a completed application be submitted at least a minimum of 45 working days prior to the requested use date. Please contact the Parks Division for details.
2. Submission of an application or requesting field time does not constitute approval.
3. Payment is due in full prior to a Use Permit being issued.
4. Proof of current insurance as required by the County must be submitted and approved prior to a Use Permit being issued.
5. User Groups requesting multiple reservations shall print out the calendar from the County Parks website and mark the following on each monthly page:
 - Field choice;
 - Requested days of the week;
 - Requested hours including AM/PM designation;

- List the total hours requested and contact information on each calendar page.
6. Placer County has exclusive discretion in decisions regarding scheduling of sports fields. Such decisions are considered final.
 7. No subleasing of fields is allowed.
 8. Requests for additional use, programs or facilities not covered by the Use Permit shall be submitted in writing to the County.

Additional processes are in place for reserving sports fields; contact the Parks Division for details.

SPORTS FIELD PRIORITY ALLOCATION POLICY

Allocation of field use is determined on a priority basis. Allocations are not intended to interrupt the field assignments for teams and/or organizations during the course of a season that has already started.

PRIORITY GROUP CLASSIFICATIONS

- A. Local non-profit sports leagues in good standing (See Sports League Scheduling Requirements for further detail) scheduling for the sport season.
- B. Schools
- C. "CPL," "Select" and "Competition" sports leagues that do not provide an "everyone plays" philosophy.
- D. General Public
- E. Commercial

SPORT SEASON PRIORITY

Sports seasons shall have priority use over select/shoulder seasons. Field permits are issued to priority groups 1, 2 and 3 as identified below under priority group classifications. Priority use of fields will be allocated as follows:

SPORTS SEASONS

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
	Baseball / Softball					Soccer					
Rugby								Football			
	Lacrosse										

Reservation requests for shoulder season play will be reviewed after allocations are granted for sports seasons.

SHOULDER SEASONS

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Soccer						Baseball					
						Softball					
										Rugby	
Lacrosse											Lacrosse

The County will set aside additional time during the year for field renovation. Fields are not to be used during these times.

Granite Bay Residency

A higher field selection priority will be assigned to those leagues that have a higher percentage of Granite Bay residents. Verification of residency will be established by providing such documentation required by the County. Fields will be allocated to organizations/teams based on the percentage of verifiable total Granite Bay resident participants in relation to all teams in that priority group. Priority allocations based on residency shall be assigned pursuant to the following formulas:

Youth Group 1

Non-Profit youth organizations with at least 90% residents and/or minimum of 200 Granite Bay resident participants. Conduct open registration regardless of skill level. Maintain a national affiliation. Operate through volunteer coaches and administrators. Provide an "everyone plays" philosophy.

Youth Group 2

Non-Profit youth organizations with less than 90% Granite Bay residency and less than 200 Granite Bay resident participants. Conduct open registration regardless of skill level. Maintain a national affiliation. Operate through volunteer coaches and administrators. Provide an "everyone plays" philosophy.

Youth / Adult Group 3

General youth and adult users, For-Profit organizations, tournaments, clinics and/or camps with individual or team participation fees. CPL, "Select" and "Competition" sports leagues that do not provide an "everyone plays" philosophy

*Youth status is defined as persons 19 years of age or under.

Minimum Team Sizes

- Baseball: 12 players (regulation)
- Football: 14 players (regulation)
- Lacrosse: 14 players (regulation)
- Rugby: 15 players (regulation)
- Soccer: 14 players (regulation)
- Softball: 12 players (regulation)

The total number of organization participants that are Granite Bay residents will be divided by the minimum roster size for each sport to determine the total number of teams in each organization.

EXAMPLE:

Baseball League in Group 1 has 756 Granite Bay residents
756 divided by 12 players per team equals 63 teams

Lacrosse League in Group 1 has 200 Granite Bay residents
200 divided by 14 players per team equals 14 teams

63 Baseball teams plus 14 Lacrosse teams equals 77 total teams

63 Baseball teams divided by 77 total teams equals 81.81% allocation for Group 1

14 Lacrosse teams divided by 77 total teams equals 18.18% allocation for Group 1

GOOD STANDING

User Groups that abide by all Placer County Policies and Procedures governing sports field use are considered to be in good standing. Sports fields are limited; therefore leagues are expected to make reservations only for times they actually intend to use the fields. Leagues, teams and organizations shall be required to provide schedules to show all of the allocated fields are being utilized. Leagues that have reserved field time and do not utilize it shall not be considered in good standing. Failure of a team to abide by rules and policies will result in loss of prioritization for that team for the following season. User Groups not in good standing shall be assigned the lowest field allocation priority for reserving sports fields for the following season. If an allocated field(s) is not utilized by the designated organization/teams a total of three times during a season or reserved period of use, the field(s) will be reassigned. Please notify the Parks Secretary to report reserved fields not in use. Prior to field re-assignment, Leagues, teams and organizations will be notified by County staff when the County has been determined a field(s) is not being used as reserved. Fees will be forfeited and no refunds of use fees will be granted. The 10-business timeframe policy shall be waived for Leagues with existing season reservations that request to reserve fields that have been re-assigned for not being utilized.

All Leagues requesting to use Placer County sports fields shall annually provide league and player information as required by the County. This information will be utilized to assist in prioritizing allocation of fields. League and player information requested will include:

1. Player residency information, including but not limited to, player names, street name and zip code, total number of players in your league, and total number of league players that are Granite Bay residents.
2. A valid roster for every team in the league (this can be last year's roster).
3. A list of schools which the players attend.
4. Current documentation from the California Secretary of State confirming your league's nonprofit status is valid.
5. Whether or not your league provides an "everyone plays" philosophy, such as open registration regardless of skill level.

Based upon the information received the County may request additional information or details about the league. Please contact the Parks Division to obtain the template and format used to submit this information.

SPORTS FIELD USE RULES

1. Do not throw or hit balls against chain link fences or backstops. User Groups will be held responsible for any damage.
2. Balls and other equipment thrown, batted, kicked, or otherwise landing on private property must not be retrieved without the property owner's permission. Climbing walls or entering gates to access private property will be considered trespassing.
3. Access and parking to use the sports fields is allowed only in designated areas.
4. It is the responsibility of the User Group's President and the individual in charge of scheduling to enforce the rules and regulations regarding the conduct of the group while on permitted facilities.
5. Portable goals and/or markers are allowed but must be removed daily.
6. Each User Group is responsible for picking up trash and debris, including but not limited to sunflower seeds and candy wrappers.

TURF PRESERVATION: GRASS AND SYNTHETIC TURF FIELDS

Cooperation is needed to preserve the turf on sports fields by adhering to the following guidelines:

Grass Fields

1. The County may close grass fields during certain times of the year to rehabilitate the turf.
2. Rotate use of turf areas. Field use should be conducted in such a way that the action takes place on different sections of turf, thus reducing excessive turf damage in one area.
3. Do not use fields during or after a heavy rain, or when wet or muddy conditions exist (please see Inclement Weather section below).
4. User Groups must receive advanced written approval of the County Park Superintendent to line sports fields. Burning lines on County fields is prohibited.
5. The Parks Division has the right to restrict temporary striping due to congestion of field use.
6. Remove all equipment at the conclusion of each day.
7. Do not drive or park cars, motorcycles, or other motorized vehicles on turf areas.

Synthetic Turf Fields

The following are not allowed on any synthetic turf fields:

1. No dogs
2. No alcohol
3. No fireworks
4. No tobacco or tobacco products
5. No sunflower seeds
6. No gum
7. No generators
8. Do not drive or park cars, motorcycles, or other motorized vehicles on turf areas

No additional or temporary striping of synthetic turf fields is permitted, with the exception of Squaw Valley Park. At this park there is only one field sport (soccer) permanently striped and there is a lack of alternative sports fields in the area. Because the field is large enough to accommodate multi-use sports fields, the County may allow temporary striping. Leagues shall submit written requests for permission to temporarily stripe the field in advance and the League must obtain written approval of the request by the County prior to striping.

INCLEMENT WEATHER

The County Parks Division will close a field when field conditions could result in injury to players or cause damage to the fields due to inclement weather.

1. Fields shall not be used when posted closed.
2. If a field is damaged due to being used when it's closed, the User Group will be required to pay for all costs associated to re-sod the turf as solely determined by the County.
3. User Groups in violation of this policy will not be permitted to use Placer County sports fields until retribution is made.
4. There are no refunds for field closures due to inclement weather.

FIELD MODIFICATIONS

Requests to modify or construct an improvement on a County sports field must to be submitted in writing to the County for review and approval. No permanent structures or

equipment shall be erected on County fields or facilities without advance written request and approval by the County. Consideration for same must be dedicated to the County for community use. A request to modify or improve a site does not constitute approval. Approval will be provided in the form of a written Agreement outlining the scope of the approved modifications or improvements. Any violation of this policy may result in the removal of the modification or new facility.

BANNERS, SIGNAGE AND ADVERTISING

User Groups must obtain advanced approval of the County to mount any banners, signage or advertising. If approved, the banners, signage, or advertising may only be mounted during the course of the event (such as a tournament) or season. It is the sole responsibility of the User Group to put up and take down all signage or banners. County staff may require banners to be removed if torn, in bad condition, disrupt irrigation pattern and/or if they are unsightly. Damage to public property caused by banner or signage installation, display or removal is the sole responsibility of the User Group. The County reserves the right to make additional stipulations (not mentioned in this sign/banner policy) for the betterment of the County.

SPECIAL POLICIES FOR INDIVIDUAL PARKS

Squaw Valley Park Soccer Field

Despite reserved time slots, all participants have agreed to share the Squaw Valley Park Soccer Field, as much as possible with anyone wishing to play. The only exception is if there is a league-refereed game in progress. Do not hesitate to ask those using the field if they will share.

Because Squaw Valley Park is extremely popular, it is necessary to prioritize applicants for field usage. The following is an overview of priority considerations for conflicting requests for field use:

1. Local (Recreation Area 2: Squaw Valley and Tahoe County) Placer County established league groups;
2. Squaw Valley local community members with one-time use requests;
3. Local public agencies involved in sponsoring recreation for locals (e.g., TCPUD);
4. Local public schools (North Tahoe elementary, middle, and high schools);
5. Other regional (eastern Placer County) non-profits;
