

1 INTRODUCTION

This final environmental impact report (FEIR) has been prepared by Placer County (County), as lead agency, in accordance with the requirements of the California Environmental Quality Act (CEQA) and the State CEQA Guidelines (CCR Section 15132). This FEIR contains responses to comments received on the draft environmental impact report (DEIR) on the Village at Squaw Valley Specific Plan (VSVSP) project (project). The FEIR consists of the DEIR and this document, which includes comments on the DEIR, responses to those comments, and revisions to the DEIR.

1.1 BACKGROUND

The DEIR contains the following environmental analysis sections:

- ▲ Air Quality;
- ▲ Biological Resources;
- ▲ Cultural Resources;
- ▲ Greenhouse Gases and Climate Change;
- ▲ Hazardous Materials and Hazards;
- ▲ Hydrology and Water Quality;
- ▲ Land Use and Forest Resources;
- ▲ Noise;
- ▲ Population, Employment, and Housing;
- ▲ Public Services and Utilities;
- ▲ Soils, Geology, and Seismicity;
- ▲ Transportation and Circulation; and
- ▲ Visual Resources

The County used several methods to solicit input on the DEIR, including distribution of a notice of preparation (NOP) on October 10, 2012 to inform agencies and the general public that an EIR was being prepared and to invite comments on the scope and content of the document. A scoping meeting for the EIR occurred on November 1, 2012 at The Resort at Squaw Creek. In response to public and agency comments received during the scoping process as well as changing market conditions and other factors, the project was subsequently revised by the applicant and the County distributed a revised NOP on February 21, 2014.

On May 18, 2015, the DEIR was released for a 60-day public review and comment period that ended on July 17, 2015. The DEIR was submitted to the State Clearinghouse; posted on the County's website (<http://www.placer.ca.gov/departments/communitydevelopment/envcoordsvcs/eir.aspx>); and was made available at the Tahoe City and Truckee libraries as well as the Squaw Valley Public Service District. In addition, the DEIR was distributed directly to public agencies (including potential responsible and trustee agencies), interested parties, and organizations.

A public hearing was held on June 25, 2015, to receive input from agencies and the public on the DEIR. The hearing was held during the regular meeting of the Placer County Planning Commission at 10:05 a.m. The hearing was recorded and a transcript was prepared.

1.2 ORGANIZATION OF THIS FEIR

This FEIR is organized as follows:

Chapter 1, "Introduction," provides an introduction and overview of the FEIR, describes the background and organization of the FEIR, and lists all parties who submitted comments on the DEIR during the public review period.

Chapter 2, "Project Modifications, Updated Water Supply and Groundwater Data, and Revisions to the DEIR," presents minor modifications to the Village at Squaw Valley Specific Plan as a result of ongoing planning and

design refinements since publication of the DEIR. Also, this chapter summarizes the results of an updated Water Supply Assessment (WSA), which was released in July 2015, after publication of the DEIR. Finally, this chapter presents revisions to the DEIR text made in response to comments, or to amplify, clarify or make minor modifications or corrections. Changes in the text are signified by ~~strikeouts~~ where text is removed and by underline where text is added.

Chapter 3, “Comments and Responses,” contains copies of the comment letters on the DEIR received during the public review period, a copy of the transcript from the June 25 public hearing, and responses to the comments. Comments received within one week of the close of the public review period are also included. The chapter begins with a set of master responses that were prepared to comprehensively respond to multiple comments that raised similar issues. A reference to the master response is provided, where relevant, in responses to individual comments.

Chapter 4, “Mitigation Monitoring and Reporting Program,” includes a description of the CEQA requirements for monitoring or reporting programs for projects approved by a public agency. In addition, the Mitigation Monitoring and Reporting Program (MMRP) includes all of the mitigation measures identified in the DEIR for the project including revisions to mitigation measures as described in Chapter 2 of this FEIR, along with the party responsible for monitoring implementation of the mitigation measures, the milestones for implementation and monitoring, and a sign-off that the mitigation measures have been implemented. The intent of the MMRP is to prescribe and enforce the proper and successful implementation of the mitigation measures as identified within the EIR for this project.

Chapter 5, “Report Preparers,” identifies the lead agency contacts as well as the preparers of this FEIR.

Chapter 6, “References and Persons Consulted,” identifies the organizations and persons consulted during preparation of this FEIR and the documents used as sources for the analysis.

1.3 LIST OF COMMENTERS

Table 1-1 indicates the numerical designation for each comment letter received on the DEIR, the author of the comment letter, and the date of the comment letter.
