SPECIAL NOTE: As per the State Water Resources Control Board, Contractors removing or installing underground storage tanks must have one of the following State License and a current Hazardous Substance Removal Certification.

- | | |
|---------------------------------|-------------------------|
| 1. General Engineering "A" | 3. General Building "B" |
| 2. Limited Specialty "C-61/D40" | 4. Plumbing "C-36" |

CONTRACTOR'S WORKERS COMPENSATION DECLARATION

(One of the following three boxes must be completed)

- 1. CERTIFIED COPY OF WORKER'S COMPENSATION INSURANCE IS HEREBY FURNISHED.
- 2. A current effective certification is filed with the County Building Department. or Environmental Health.
- 3. I certify that in performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Worker's Compensation of California

TO PROCESS YOUR PERMIT APPLICATION THE FOLLOWING IS REQUIRED:

1. Provide a plot plan showing the location of all tanks, pipe utilities, overhead utilities, and associated structures in and around the pit.
2. Provide a removal plan which includes the following items:

<ol style="list-style-type: none"> a. Step-by-step removal procedures for the tank, piping and residual product. b. Hazardous waste hauler, EPA number, and destination of cleaning materials and/or of tanks. c. Plan for purging of flammable vapors. (Note: Tanks must be tested with an LEL/oxygen meter to prove they are non-explosive.) 	<ol style="list-style-type: none"> d. Soil sampling plan. Sampling and analyses to be as per California Underground Storage Tank Regulations, Section 2645, and California Water Quality Tri-Regional Guidelines and California Regional Water Quality Control Board letter dated 30 August 1997 regarding sampling for oxygenate compounds.

APPLICATION FOR UNDERGROUND STORAGE TANK CLOSURE

(continued)

- e. Contingency plan if contamination is discovered (i.e., additional sampling, soil removal and disposal). Note: See Article 5, CUSTR. A copy of the California Underground Storage Tank Regulations (CUSTR) and Tri-Regional Guidelines can be supplied to you by this office.
- f. Name of California State Certified laboratory to perform testing of soil.
- g. Anticipated turnaround time of sample analysis.
- h. Projected timeline of project.
- i. Submit completed Fee Disclosure form.

Our experience has shown that contingency plans for situations involving contamination of soil and/or groundwater and protection of the excavation from inclement weather are important in minimizing delays and confusion. We strongly recommend these plans be developed.

Notes: In the event contamination is found during the tank removal process, the issuance of a permit for the installation of any proposed new underground storage tank system will be deferred until a site clean up plan, approved by this office and the Central Valley Regional Water Quality Control Board, is implemented.

All applicable encroachment, building, air pollution control district, fire department and other agency requirements, permits and approvals must be obtained as needed.

This office does not review or approve site-specific health and safety plans for adequacy, accuracy, or completeness. Compliance with all applicable worker health and safety regulations, including implementation of the site safety plan, is the responsibility of the owner and contractor.

Compliance with the Uniform Fire Code and related requirements is the responsibility of the owner, and contractor.

This application will be reviewed to assure that the intended activity meets the requirements of Ch. 6.7 of the California Health and Safety Code and Ch. 8 of the Placer Co. Code. Compliance with any other requirements or codes is not implied with the review of the application and any subsequent issuance of a permit.

LIABILITY FOR DAMAGES:

The applicant/permittee shall defend, indemnify, and hold harmless Placer County, and its agents, officers, and employees, from all claims, liability, damages, costs, lawsuits, and judgments for property damage, for personal injury, for construction costs or claims which may arise out of or be alleged to relate to applicant's/permittee's work performed under a permit, excepting for any actual damages which may be proven to have arisen solely out of the active negligence of the County. The applicant's/permittee's obligations hereunder shall include the defense and indemnification of Placer County from any claim, liability, damages, costs, lawsuits, or judgments as asserted by any third party, expressly including any party under contract with applicant/permittee to perform any of the work under this application/permit.
