OFFICE OF EMERGENCY SERVICES**

M E M O R A N D U M

TO: Honorable Board of Supervisors

FROM: Thomas Miller, County Executive Officer
by: Rui Cunha, Emergency Services Program Manager

DATE: March 21, 2006

SUBJECT: Adopt a resolution establishing Zone of Benefit 193, *North Auburn/Ophir Fire*, and continue the existing and approved revenue sources within the Zone of Benefit.

ACTION REQUESTED

Adopt a resolution establishing Zone of Benefit No. 193, *North Auburn/Ophir Fire*, to fund provision of fire protection services by Placer County Fire in the Placer Consolidated Fire Protection District (District) upon its dissolution, on or about April 10, 2006, and continue all existing and approved revenue sources within the new Zone.

BACKGROUND

Establishing the Zone of Benefit

The Board of Supervisors creates a zone of benefit within the County Service Area (CSA 28) to fill funding gaps between provision of general County services and "special services." Fire protection is a special service that is normally funded in fire districts by a portion of local property taxes and, if additional funding is required, by a special assessment, on each parcel in the district. Placer Consolidated Fire Protection District (District) is supported in just this manner. However, due to projected fiscal shortfalls from which the District is unable to recover, it chose to dissolve itself as an independent fire district.

Therefore, on January 9, 2006 the District Board of Directors directed its staff to initiate proceedings with the Placer Local Agency Formation Commission ("Placer LAFCo") to dissolve and cease doing business pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Government Code section 56000 *et seq.*). On February 7, 2006 the Board of Supervisors ("Board") of Placer County ("County") agreed to assume, upon dissolution of the District, fire protection responsibilities within the District territory, and integrate operations into those of Placer County Fire based on a Board approved transition plan.

Accepting Current Fire Protection Revenues

On February 8, 2006, LAFCo adopted Resolution 2006-02 which provided that all property taxes and ongoing approved revenues of the District, including existing benefit assessments, special taxes, general taxes, fiscal assets, reserves, and other assets shall transfer to, and be used by the County to fund operations under a new zone of benefit. Ongoing approved revenues of the District include all of those listed above and fees that it receives for plan checks and inspections done in accordance with the attached fee schedule. (Attachment A)

The creation of Zone of Benefit 193 within CSA 28, allows the County to accept the transfer of all property taxes and ongoing approved revenues of the District.

FISCAL IMPACT

Existing ad valorem property tax revenues and the existing benefit assessment, special taxes, general taxes, and other assets and revenues are adequate to fund all costs associated with creating and maintaining this Zone of Benefit for fire protection services. Therefore, there is no fiscal impact to the General Fund as a result of approval of this Resolution.
