MEMORANDUM

TO: Honorable Board of Supervisors
FROM: Wes Zicker, Director *WZ*
Department of Engineering and Surveying, Community Development Resource Agency
DATE: February 20, 2007
SUBJECT: SUNSET / ATHENS CONNECTOR ROAD / PN 8340
SUNSET BRIDGE / PN 8339
PUBLIC ROAD NAME ASSIGNMENT: FOOTHILLS BOULEVARD NORTH

ACTION REQUESTED:

1. Accept the improvements for the roadway, bridge and intersection improvements at Sunset Boulevard and Cincinnati Avenue as complete.
2. Approve the attached resolution accepting the public road name assignment
3. Approve the attached resolution accepting the following roads into the County Maintained Mileage System:

Road Name	Road Number	Mileage
Sunset Boulevard	D2060	.510 mi
Foothills Boulevard North	B4055	1.567 mi

BACKGROUND:

The United Auburn Indian Community agreed to construct off-site road improvements to help mitigate the anticipated traffic impacts of Thunder Valley Casino. The improvements consist of an extension of Sunset Boulevard, including the construction of a bridge, a connector road between the Sunset Boulevard extension and Athens Avenue (Foothills Boulevard North), and a traffic signal and intersection improvements at the intersection of Sunset Boulevard and Cincinnati Avenue. Offers of dedication for the roadways were made to Placer County and were accepted by the County Surveyor in October 2005.

This is a staff initiated road naming of a proposed new county highway that connects the extension of Sunset Boulevard to Athens Avenue. Staff consulted with Placer County's emergency response (911 dispatch) and the City of Roseville's emergency response providers and no concerns were identified regarding the proposed road name. There are currently no properties addressed on this new road or the extension of Sunset Boulevard. The proposed road name was considered by the Planning Commission at their November 16, 2006 meeting and the commission unanimously approved staff's recommendation.

FISCAL IMPACT:

Funding for maintenance of these roads will be provided by the Department of Public Works using existing road maintenance revenue sources.
