To: The Honorable Board of Supervisors
From: Edward N. Bonner, Sheriff-Coroner-Marshal
Date: October 2, 2007
Subject: Justice Assistance Grant

ACTION REQUESTED

Your Board is requested to accept the Justice Assistance Grant (JAG) grant and attached budget revision in the amount of \$47,676. Authorization is also requested for the County Executive Officer to execute the grant documents and Memorandum of Understanding (MOU) with the City of Roseville. The grant has been approved to provide partial funding for a Senior Deputy Probation Officer assigned to the Special Investigations Unit (SIU).

BACKGROUND

Local Law Enforcement Block Grant (LLEBG) and Edward Byrne Memorial Grant (Byrne) funds were combined by the Federal government in 2005 into the Edward Byrne Memorial Justice Assistance Grant (JAG) Program. The deadline for this round of grant applications was on July 19, 2007. A specific amount is allocated to counties and jurisdictions within counties having a population exceeding 100,000. This grant applies to Placer County and the City of Roseville. The amount available this grant cycle is \$47,676. The grant requires a Memorandum of Understanding with the City of Roseville for the use of the funds. The City of Roseville is considered the lead agency for this grant and must approve funds being paid directly to the County for the stated purpose.

The grant guidelines indicate that any law enforcement or justice initiative previously eligible for funding under Byrne or LLEBG is eligible for JAG funding. The SIU Senior Deputy Probation Officer was partially funded in FY 2006-2007 through the JAG grant. Prior to that time, this position had been funded through the State Byrne funds. The County Executive Office, Probation Department and Sheriff's Department will work together over the next year to ensure this position is fully funded on an annual basis.

SIU contributes to the safety and well-being of the Placer County residents as part of the County's fight against drugs. This includes a wide variety of drugs with a current emphasis placed on the fight against methamphetamines. As funding has allowed, Probation has been committed to participating in the SIU with dedicated staffing. Without full funding available for the SIU position, Probation has committed to participating in SIU activities to the maximum extent possible, while still maintaining other required services. All parties will continue to work together to eliminate funding issues for this position in future years.

The Senior Probation Officer is a critical position within the Special Investigations Unit. The services provided include gathering data, investigations, eradication, and arrest for prosecution of controlled substances within Placer County. This grant is only available through law enforcement agencies. The Sheriff is committed to supporting the SIU in their drug enforcement and eradication

efforts for programs such as the Placer Methamphetamine Initiative. The Sheriff is willing to forego other priorities to support this funding being applied to the Senior Probation Officer.

Pursuant to the grant guidelines, the grant must be made available for review by the governing body and the public. In addition, an MOU must be approved by your Board and the City of Roseville. Final award of the grant has been made, but funds will not be released without approval of the MOU. Your Board's review and authorization of the grant award and MOU, along with the related budget revision is requested. Further authorization is requested for the County Executive Officer to execute all related documents.

FISCAL IMPACT

The funds provided by this grant will be included in the final budget as approved by the attached budget revision. These funds will help offset costs of the Senior Deputy Probation Officer and reductions experienced in State ADA funding in this program area. Alternative funding sufficient for this position is being pursued by both the Sheriff's Department and Probation in a cooperative effort to continue this program at the level needed. The estimated fully loaded cost for a Senior Deputy Probation Officer is \$129,000. The JAG grant provides funding for approximately 37% of this position. On September 18, 2007, your Board approved State Anti-Drug Abuse (ADA) Enforcement Program grant funds in the amount of \$51,542 to be applied to this position as well, leaving a funding gap of approximately \$29,670. The Probation Department will review the placement of this position in the SIU assignment with the CEO to determine whether to absorb this position into their regular work force or to continue this assignment through alternative funding available.

5. The grantee agrees to assist BJA in complying with the National Environmental Policy Act (NEPA) and other related federal environmental impact analyses requirements in the use of these grant funds, either directly by the grantee or by a subgrantee. Accordingly, prior to obligating grant funds, the grantee agrees to first determine if any of the following activities will be related to the use of the grant funds.

The grantee understands that this special condition applies to its following new activities whether or not they are being specifically funded with these grant funds. That is, as long as the activity is being conducted by the grantee, a subgrantee, or any third party and the activity needs to be undertaken in order to use these grant funds, this special condition must first be met. The activities covered by this special condition are:

SPECIAL CONDITIONS

9. This special condition facilitates compliance with the provisions of the National Environmental Policy Act (NEPA) relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories (hereinafter, "meth lab operations"). No monies from this award may be obligated to support meth lab operations unless the grantee implements this special condition.

The Office of Justice Programs (OJP), in consultation with the Bureau of Justice Assistance, the Drug Enforcement Administration, and the Office for Community Oriented Policing Services, prepared a Program-level Environmental Assessment (Assessment) governing meth lab operations. The Assessment describes the adverse environmental, health, and safety impacts likely to be encountered by law enforcement agencies as they implement specific actions under their methamphetamine laboratory operations. Consistent with the Assessment, the following terms and conditions shall apply to the grantee for any OJP funded methlab operations:

- A. The grantee shall ensure compliance by OJP funded sub-grantees with federal, state, and local environmental, health, and safety laws and regulations applicable to meth lab operations, to include the disposal of the chemicals, equipment, and wastes resulting from those operations.
- B. The grantee shall have a Mitigation Plan in place that identifies and documents the processes and points of accountability within its state. This plan will be used to ensure that the adverse environmental, health, and safety impacts delineated in the Assessment are mitigated in a manner consistent with the requirements of this condition.
- C. The grantee shall monitor OJP funded meth lab operations to ensure that they comply with the following nine mitigation measures identified in the Assessment and whose implementation is addressed in the grantee's Mitigation Plan. These mitigation measures must be included as special conditions in all subgrants: (See Part II of this special condition)
7. 1. Provide medical screening of personnel assigned or to be assigned by the grantee to the seizure or closure of clandestine methamphetamine laboratories;

4. Assign properly trained personnel to prepare a comprehensive contamination report on each seized/closed laboratory.
5. Utilize qualified disposal personnel to remove all chemicals and associated glassware, equipment, and contaminated materials and wastes from the site(s) of each seized laboratory;
6. Dispose of the chemicals, equipment, and contaminated materials and wastes at properly licensed disposal facilities or, when allowable, at properly licensed recycling facilities;
7. Monitor the transport, disposal, and recycling components of subparagraphs numbered 5. and 6. immediately above in order to ensure proper compliance.
8. Have in place and implement a written agreement with the responsible state environmental agency. This agreement must provide that the responsible state environmental agency agrees to (i) timely evaluate the environmental condition at and around the site of a closed clandestine laboratory and (ii) coordinate with the responsible party, property owner, or others to ensure that any residual contamination is remediated, if determined necessary by the state environmental agency and in accordance with existing state and federal requirements; and
9. Have in place and implement a written agreement with the responsible state or local service agencies to properly respond to any minor, as defined by state law, at the site. BUDGET NARRATIVE
Justice Assistance Grant
Anti-drug Enforcement Program (ADA)
Reduce Children in a Drug-endangered Environment**Personnel - salary**

The personnel needed to implement this project goal for FY 2007 – 2008 is the Sr. Probation Officer for the Special Investigations Unit. This person is responsible for providing the liaison, investigative, coordination and follow-up services to implement the program goal of reducing the number of children in a drug-endangered environment as outlined in the program project summary. This is the staff designated to perform these duties. Funding reductions from the State ADA and county budget constraints will require this position to be reduced or eliminated if alternative funding is not acquired. This program goal cannot be met without this funding augmentation. With the loss of funding, staffing would have to be reduced. Part of the JAG guidelines indicate that previous funds provided through Byrne would be eligible for these revised grant monies. This grant will provide 35% in the amount of \$47,676. For the salary portion alone this is \$31,466.

Personnel – Benefits and employee costs

The benefits and employee costs for 35% of this position total the remaining amount of \$16,210. This includes proportionate share of benefits and employee-related costs such as general liability and employee benefits.

PROJECT SUMMARY NARRATIVE

Justice Assistance Grant
Anti-Drug Enforcement Program (ADA)
Reduce Children in a Drug-endangered Environment

The two major goals of the Anti-drug Enforcement Program are to reduce illegal activities of targeted offenders through law enforcement, prosecution, probation, and to reduce the number of children in a drug endangered environment. Staff costs continue to increase for this countywide monitoring and enforcement effort while Byrne funds through the State continue to diminish. The special investigations unit (SIU) is currently utilizing the limited State Byrne funds to help cover the costs of one deputy sheriff, one probation officer and one district attorney clerical staff. Further reductions are expected to occur in this program. This adversely impacts meeting the goals of this program. One key component of this program to be impacted is reducing the number of children in a drug-endangered environment. The probation officer carries out a major part of this program goal. Justice Assistance Grant funds of \$47,676 for FY 2007/2008 are being requested to offset the reductions to fund the probation officer that plays a key role in achieving this critical program goal. This constitutes 35% of the cost of the Probation officer salaries, benefit and general liability costs. The remaining 65% of the cost of this individual will be paid with County funds.

The probation officer working in SIU monitors high-risk situations for children in Placer County. This officer works as a liaison between SIU, the Courts and other County departments. SIU works with school resource officers in Placer County to identify individuals who are selling drugs at local schools and to help determine what drugs are being sold. SIU has an outstanding relationship with Placer County Child Protective Services, ACCESS. SIU assists on home visits to look for signs and symptoms of drug use. Any investigation that involves drugs where a child is associated, ACCESS is called and responds to assist in the documentation to prosecute the parents and provide for the safekeeping of the children. Much of this effort is achieved through the SIU liaison.

Access also refers cases to SIU when a drug-endangered environment is suspected. SIU investigates and removes children from homes where parents have been using drugs. SIU arrests adults for drug-related child endangerment. SIU gathers and compiles statistical information resulting from these activities through investigative reports, case activity reports, and information from ACCESS, Probation and Drug Court. Information is also gathered by the District Attorney's office from their court documents. SIU is working with the school resource officers in Placer County, attempting to identify individuals who are selling drugs at local schools and determine what drugs teenagers are using. SIU has 73 open cases which are pending prosecution at this time. SIU seized one methamphetamine lab in the last 3 months. From

January to the present SIU has arrested 46 individuals. 39 of those arrested were for felony violations. 7 were misdemeanor violations. Another goal of the Placer SIU is to reduce the number of children in a drug-endangered environment. SIU continues to have an outstanding relationship with the Placer County Child Protective Services, ACCESS. At the request of ACCESS, we assist them on home visits to look for signs and symptoms of drug use. Any investigation that involves drugs where a child is associated, ACCESS is called and responds to assist in the documentation to prosecute the parents and provide for safe keeping of the children.
