

**MEMORANDUM  
DEPARTMENT OF FACILITY SERVICES  
COUNTY OF PLACER**

To: **BOARD OF SUPERVISORS**

Date: **APRIL 7, 2009**

From: **JAMES DURFEE / WILL DICKINSON**

Subject: **RICHARDSON PIPELINE REPLACEMENT, PROJECT 40220**

**ACTION REQUESTED / RECOMMENDATION:** Staff recommends that your Board take the following actions with regard to the Richardson Pipeline Replacement, Project 40220:

1. Approve Plans and Specifications and authorize staff to solicit bids.
2. Adopt the attached Resolution authorizing the Director of Facility Services to execute the resulting construction contract; in an amount not to exceed \$97,750, upon Risk Management's and County Counsel's review and approval, and approve any required change orders consistent with the County Purchasing Manual and Section 20142 of the Public Contract Code.

**BACKGROUND:** The Richardson Pipeline Replacement Project is designed to replace approximately 725 lineal feet of deteriorated sewer pipe located at the DeWitt Government Center in Auburn. This project will utilize standard excavation techniques to replace the sewer pipe. The pipe will be upsized from 12 inches to 15 inches to accommodate future flows. Two new sewer manholes will be installed to accommodate the new 15 inch sewer pipe line. Replacement of this pipe and the two manholes will help reduce the amount of ground water infiltration into Sewer Maintenance District 1 (SMD 1).

In order to proceed with construction of the project, staff recommends that your Board approve the Plans and Specifications, authorize staff to solicit bids, and authorize the Director of Facility Services to execute the resulting construction contract. The Plans and Specifications are available for review at Facility Services.

**ENVIRONMENTAL CLEARANCE:** Rehabilitation, replacement and/or repair of existing sewer pipe and manholes is categorically exempt from environmental review pursuant to Section 15301(b) "Existing Facilities" of the California Environmental Quality Act Guidelines.

**FISCAL IMPACT:** The Engineer's Estimate for the project is \$85,000. Staff recommends a total project budget of \$97,750, which includes a 15% contingency. Funding for this project is included in the FY 2008/09 Budget for SMD 1.
