

MEMORANDUM

DEPARTMENT OF PUBLIC WORKS

County of Placer

TO: BOARD OF SUPERVISORS

DATE: January 12, 2010

FROM: KEN GREHM / MATT RANDALL

SUBJECT: **BREWER ROAD BRIDGE AT KING SLOUGH REPLACEMENT PROJECT
CONTRACT NO. 1055, AMENDMENT NO. 3**

ACTION REQUESTED / RECOMMENDATION

Adopt a Resolution authorizing the Chairman of the Board of Supervisors to sign and execute Contract No. 1055, Amendment No. 3, with Drake Haglan and Associates, increasing the total contract amount by \$12,500, from \$291,176 to \$303,676, for final design and construction support for the Brewer Road Bridge at King Slough Replacement project, and providing a project contingency of \$30,000.

BACKGROUND / SUMMARY

Public Works is proposing to replace the existing bridge on Brewer Road over King Slough. The project is being completed under the Federal Highway Bridge Program (HBP). The project will replace the existing bridge, which is deteriorating and does not meet current design standards. The replacement bridge and improved approaches will bring this bridge into compliance with current structural and geometric guidelines. Bridge construction is anticipated to take one season during summer of 2011 or 2012.

The initial contract for Professional Services was executed in 2008. Since then, there have been two reallocations to accommodate minor scope changes. This latest request will allow revision of the design so as to minimize impacts to environmental resources and the adjacent property owners.

ENVIRONMENTAL

The Draft Initial Study for the project is being prepared and will be out for public review soon. Following the public review period, a mitigated negative declaration will be brought to the Board of Supervisors for approval, in accordance with the California Environmental Quality Act (CEQA) for this project. This action of amending the Professional Services Agreement and performing the proposed work is exempt from CEQA pursuant to CEQA Guidelines, Section 15306.

FISCAL IMPACT

Contract Amendment No. 3 will increase the contract amount by \$12,500, and provide a contingency amount of \$30,000. The estimated total project cost is \$2,200,000. The project is funded through the Federal HBP Program (88.53%) and County Road Funds (11.47%). There is sufficient funding available in the FY 09/10 budget for this contract amendment.
