

# MEMORANDUM

DEPARTMENT OF PUBLIC WORKS  
County of Placer

TO: BOARD OF SUPERVISORS

DATE: April 6, 2010

FROM: <sup>jd</sup> KEN GREHM / KEVIN ORDWAY

SUBJECT: **PROFESSIONAL SERVICES AGREEMENT FOR CONSTRUCTION MANAGEMENT, INSPECTION, MATERIALS TESTING, AND RELATED SERVICES FOR THE FORESTHILL ROAD BRIDGE SEISMIC RETROFIT AND PAINT PROJECT, CONTRACT NO. 1087**

---

## **ACTION REQUESTED / RECOMMENDATION**

Adopt a Resolution approving the award of the competitive Request for Proposals No. 9950 and authorize the Department of Public Works to negotiate a contract with The Hanna Group for construction management, inspection, and materials testing services for the Foresthill Road Bridge Seismic Retrofit and Paint Project; and authorize the Purchasing Manager to negotiate, approve and sign a short term contract with The Hanna Group not to exceed \$200,000 for pre-construction and constructability review services.

## **BACKGROUND / SUMMARY**

The Foresthill Road Bridge was placed on the Mandatory Seismic Retrofit list by Caltrans in 1999 (see attached map). The project will retrofit the existing bridge, remove the existing paint and repaint the bridge, install a new catwalk system to facilitate required inspections and maintenance of the bridge and replace the bridge railing. Painting the Foresthill Bridge has been a separate project through the engineering and environmental stage. DPW proposes to combine the seismic and paint portions of the work and bid the project as a single construction contract in order to take advantage of cost savings opportunities afforded by combining the projects. Construction is planned to begin late summer of 2010.

Five consultants submitted proposals in response to our RFP (Request for Proposals). After evaluating the proposals, The Hanna Group was the highest rated team. This resolution approves the award of the construction management contract to The Hanna Group, authorizes the Department of Public Works to negotiate a contract for these services and authorizes the Purchasing Manager to approve and sign an initial contract not to exceed \$250,000.00. Having an initial contract in place allows The Hanna Group to provide a constructability review and support during construction bidding while the remainder of the construction management contract undergoes a Caltrans pre-award audit. The Procurement Division of Administrative Services supports award of contract to The Hanna Group.

## **ENVIRONMENTAL**

The Board of Supervisors certified and approved the Initial Study/Mitigated Negative Declaration on September 22, 2009. A Notice of Determination was filed on September 23, 2009.

## **FISCAL IMPACT**

The Project began as two separate projects: a seismic retrofit project and a re-painting project. The entire project is funded by 88.53% Highway Bridge Program (HBP) funds. The seismic portion will receive 11.47% from the Proposition 1B Local Bridge Seismic Retrofit Account (LBSRA) thus being 100% federally and state funded. All non-seismic work will use Proposition 1B Local Streets and Roads funding for the 11.47% match needed. There is sufficient funding available in the 2010/2011 Fiscal Year budget for this work.
