

**MEMORANDUM
PERSONNEL DEPARTMENT
COUNTY OF PLACER**

TO: Board of Supervisors
FROM: Nancy Nittler, Personnel Director *nn*
BY: Ann Craig, Personnel Services Manager
DATE: March 16, 2010
SUBJECT: Adoption of Salary Ordinance to Clarify and Amend the Manner in which Compensation is reported to CalPERS

REQUESTED ACTION AND RECOMMENDATION:

It is recommended to approve the attached ordinance that re-characterizes and amends the manner in which compensation is reported to CalPERS effective pay period 22, March 27, 2010:

1. Amend Chapter 3.12.030 deleting hospital privileges pay and change board certified pay by corresponding amount.

BACKGROUND:

The California Public Employees Retirement System (CalPERS) governs the manner and types of compensation that are reported to CalPERS for earnings and service credit for retirement and actuarial determinations. As part of these regulations, CalPERS requires the adoption of salary ordinances by the governing legislative body.

Recently, while reviewing the salary schedules, ordinances and compensation for two retiring Health & Human Services physicians, CalPERS determined that hospital privileges pay was not eligible to be included for compensation calculations related to the retirement system as it has not been specifically identified by CalPERS as a special pay included in final compensation. As the County had represented to the affected physician employees that this special pay was includible compensation; a settlement agreement was reached by all the parties. The settlement provided that CalPERS will treat hospital privilege pay earned prior to April 1, 2010 as includible compensation but not after that date. In response to that agreement the County needs to adjust the manner by which compensation of physicians is reported to CalPERS such that the affected current employee physicians do not suffer a decrease in compensation. The attached salary ordinance reflects the elimination of hospital privileges pay and a corresponding change in board certification pay for the classifications of the Physician I/II, Chief Physician and the Director of HHS/County Health Officer. Importantly, these salary ordinance changes will have no net effect on current and future compensation for these classifications. The exact compensation reduction to the physicians by eliminating hospital privileges pay is offset by modifying board certified pay to achieve a zero increase in compensation. The salary and benefit ordinance change also includes modifications to update the document and eliminate out dated language.

Finally, equivalent changes will be made to the method of computing County contract employee physician pay such that hospital privileges pay is no longer a component of their compensation.

FISCAL IMPACT:

There is no fiscal impact. The proposed ordinance change will increase the board certification pay physician classifications but is completely offset by the elimination of hospital privileges pay.

Before the Board Of Supervisors County of Placer, State of California

In the matter of: An ordinance amending the Placer County Code, Chapter 3, 3.12.030 relating to Unclassified service – Salary and benefits notations.

Ordinance No.: _____

First Reading: _____
