TO PLACER COUNTY BOARD OF SUPERVISORS AND CEO TOM MILLER:

We support that the meeting to discuss the future of Supervisor Montgomery's involvement on the TRPA Governing Board be held in Tahoe where the more direct stakeholders have an easier time attending the meeting and being part of the process. Such a change in venue will add credibility to the discussion and any action that may ultimately be taken. The voters of Northshore overwhelmingly voted for Jennifer to represent our concerns, and it is not appropriate for the rest of the board to replace Jennifer without a locally held meeting to discuss the reasons for their intention.

To Whom It May Concern,

It seems to me that voicing an opinion that reflects that of the people he/she represents should be the right of every politician. If there can not be debate and disagreement on a governing board, I think that might constitute a dictatorship. If someone can be voted off a regulatory board because of an opposing viewpoint there is something seriously wrong with the system. Not being a lawyer I can't say positively, but it just seems illegal to me.

Please consider moving your meeting so that the people Jennifer Montgomery represents can be in attendance. Otherwise it appears she is being dealt with unfairly.

Thank you,

Dear Supervisors,

I understand that one of the items on your January 25 Board meeting agenda is a vote on the removal and replacement of Supervisor Montgomery as the Placer County representative on the Tahoe Regional Planning Agency (TRPA) Board of Governors. This meeting is scheduled to be held in Auburn. This action is of concern to a number of us who are members of the Lake Tahoe Basin community in Placer County. Supervisor Montgomery was supported heavily in our area in the election in no small part for her support of a reasoned approach to development. In fairness to the community that she represents and that voted heavily for her, I would respectfully request that this agenda item be carried over to a meeting at Lake Tahoe that would allow more widespread access and input by interested members of the community. The meeting could either be a special meeting or a relocated regular meeting of the Board of Supervisors. To not hold such a meeting in the affected community would smack of back room politics and would show the greatest disrespect for the constituents in the Lake Tahoe Basin.

Thank you in advance for your consideration of this request.

Sincerely,
Steve Gregory

Where is the transparency in this issue? They should not be removing anyone without the people from Tahoe hearing the facts from the people involved. I wish I were there to go to the meeting but I'm still 470 miles away. However, this has happened many times before. Anytime you have someone that talks with the people and tries to get all the facts, the other side tries to get rid of them any way they can.

I don't know much about the situation that has prompted a vote on her removal, but it seems reasonable that the meeting to discuss this should be held here in North Lake Tahoe where the community can participate, and be informed on the situation.

I ask each of you on the Board to stand up for democracy in our country, and in our County.

Jennifer Montgomery was elected by the people of District 5 to represent our interests. All of the Tahoe Basin where I live is in District 5 of Placer County and so there can be no better person to represent our interest to the TRPA.

It is totally against all the freedoms that we are fighting for around the world to remove from TRPA an elected official from this region, and replace them with an unelected representative. This is not democracy.

Please put our locally elected representative back on the TRPA Board to represent the interests of the people who live in the Placer County portion of the Tahoe Basin. Be a true American patriot.

The following individuals respectfully request a venue change for the agenda item regarding removal of Jennifer Montgomery from the TRPA Board. We strongly urge the Board to consider the item be heard in Tahoe as Jennifer Montgomery represents the Tahoe constituents for Placer County District 5. This request is to allow more Tahoe residents to hear the reason(s) for the replacement and voice their opinion. Jennifer is our representative and an item as important as this should be discussed in our area as it affects the future of our communities.

Subject: Jennifer Montgomery

Dear Board of Supervisors;

I am writing in support of Jennifer Montgomery as our representative from PC BOS on the TRPA Governing Board. The voters of Northshore overwhelmingly voted for her to represent our concerns, and it is not appropriate for the rest of the board to replace her without a locally held meeting to discuss the reasons for their intention.

Please do not hesitate to call or email me if you have any questions or there is any way i may be of service.

Sincerely,

Teresa O'Dette

Dear Placer County Board of Supervisors, Jan 12,2011

Please retain Jennifer Montgomery as our Representative on the Governing Board of TRPA. Supervisor Montgomery is very inclusive and understands the local perspective on TRPA matters. Please allow Eastern Placer County to have it's voice heard. We elected her as our supervisor. Please retian this local perspective.

Yours,

David Wilderotter..... 35 year resident and business owner

To Whom It May Concern,

It seems to me that voicing an opinion that reflects that of the people he/she represents should be the right of every politician. If there can not be debate and disagreement on a governing board, I think that might constitute a dictatorship. If someone can be voted off a regulatory board because of an opposing viewpoint there is something seriously wrong with the system. Not being a lawyer I can't say positively, but it just seems illegal to me.

Please consider moving your meeting so that the people Jennifer Montgomery represents can be in attendance. Otherwise it appears she is being dealt with unfairly.

Thank you,

Subject: Montgomery removal hearing...

I don't know much about the situation that has prompted a vote on her removal, but it seems reasonable that the meeting to discuss this should be held here in North Lake Tahoe where the community can participate, and be informed on the situation.

Thank you for your consideration,
Julie
