ACTION REQUESTED

Receive a presentation by David Bennett Consulting outlining the goals and methodology for the Criminal Justice System Master Plan project approved by your Board on January 22, 2013.

BACKGROUND

On January 22, 2013, your Board approved a contract with David Bennett Consulting in the amount of \$316,000 to conduct a Criminal Justice System Master Plan. This two-year planning process is being conducted in collaboration with the Placer County Superior Court and County public safety officials, and is intended to develop a shared understanding of the overall functioning of the system and to find opportunities for improving system efficiency and outcomes. The plan development begins with a review of programs currently in place and examining the processing of defendants through the criminal justice system. The presentation will discuss the methodology for analyzing the data and how it will be utilized to detail the operation of the system, including the impact of AB109, Public Safety Realignment.

Working with the Criminal Justice Policy Committee (CJPC), local law enforcement and community stakeholders, a symposium will be conducted to review the findings and recommendations. These findings and recommendations, including timeline and funding requirements, will be reviewed with your Board. Implementation of the final recommendations including development of on-going performance and outcome tracking mechanisms will follow.
