Subject: Public Hearing to Review and Adopt an Ordinance Amendment for the Sheriff's Office Booking, Jail Access and Incarceration Fees

Action Requested

Conduct a public hearing and adopt an ordinance amending the Sheriff's Office booking and jail access fees charged to the cities, incarceration fees for the main jail and minimum security, and booking fees charged to defendants at sentencing.

Background

The Sheriff's Office conducts an annual study of booking, jail access and incarceration fees based on actual costs for the previous year. The executive summary is attached and the full study is on file with the Clerk of the Board.

Utilizing the required calculation method using the June 2006 rate as the base and adding allowable inflation factors, the FY 2014-15 booking fees for the cities will be \$146, up from \$141 in FY 2013-14. For FY 2014-15 booking fees are expected to be fully funded by the State, however, should this not occur the cities would be responsible for the proportionate amount not funded by the State. This amount will be charged based on the number of bookings pursuant to AB 1805 and Government Code Sections 29550 to 29552. Booking fee rates charged pursuant to this section will only be charged if full funding is not provided to the County from the State.

Based on the study, the jail access fees charged for the cities will be \$437, up from \$333 in FY 2013-14. Pursuant to AB 1805 and Government Code Sections 29550 to 29552, these fees will only be charged if bookings for misdemeanors and municipal code violations (except for DUI and domestic violence) exceed the cities' three-year average.

The annual study supports FY 2014-15 incarceration fees for the main jail and minimum security in the amounts of \$113 and \$128 respectively, versus \$130 and 103 in FY 2013-14.

Subject to review and comments and based on the findings of the study, we recommend your Board approve the fee adjustments as submitted.

Fiscal Impact

Booking fee reimbursements to the County from the State for FY 2014-15 are estimated at \$464,844. The incarceration fee adjustment revenues are anticipated to be minimal as these fees are imposed at the discretion of each judge and are based on the ability of a defendant to pay. This revenue has been included in the FY 2014-15 Sheriff's Office Submitted Budget. There is no additional fiscal impact to the General Fund.

**NOTICE OF PUBLIC HEARING AND SUMMARY
OF PROPOSED AMENDMENT TO CRIMINAL
JUSTICE FEES ORDINANCE**

On June 17, 2014 at 9:20 AM, at the Placer County Administrative Center, 175 Fulweiler Avenue, Auburn, California, the Board of Supervisors will hold a public hearing to consider amending Chapter 2 of the Placer County code as it relates to a proposed:

1. Increase in Booking Fees to Placer County arrestees Not-to-Exceed \$104
2. Increase in Booking Fees charged to the cities/towns Not-to-Exceed \$5
3. Increase in Jail Access Fess charged to the cities/towns Not-to-Exceed \$104
4. Decrease in incarceration fees for Placer County's Main Jail Not-to-Exceed \$18
5. Increase in incarceration fees for the Minimum Security facilities \$25
6. Increase in incarceration fees for weekenders \$25

The proposed change in Jail Access Fees is authorized by Government Code Section 29550 through 29552. This allows for reimbursement of services connected with the booking process at 100% of the actual costs for non-county entities exceeding their 3 year average for misdemeanors and municipal code violations in years where the State funded at least \$35 million. This reimbursement is charged against the government agency that requests the arrestees be booked by Placer County.

The proposed change in incarceration fees is authorized by California Penal Code Section 1203.1c. As ordered by the court these fees are billed to the inmate. This legislation generally requires that fees not exceed either the actual cost of services or the average actual cost of services. Defendants, probationers, or inmates, can only be assessed these fees to the extent they have the ability to pay the fees.

Certified copies of the proposed ordinance and the report upon which the fees are based are available for public review at the following offices: Auburn: Placer County Sheriff's Office, 2929 Richardson Ave. Suite A; Clerk of the Board of Supervisors, 175 Fulweiler Avenue and Tahoe: Placer County Sheriff's Office Tahoe Substation, 2501 North Lake Blvd, Tahoe City. BACKGROUND

In 1990 the State Legislature granted statutory authority to counties (CG 29550) to levy a charge against specific public entities to recover costs associated with booking persons into the county jail. This fee is intended to permit Placer County to recoup its costs associated with the booking and other processing of persons arrested by a peace officer from one of the other specified public entities and brought to the county jail for booking or detention.

In 2014 MGT was retained by Placer County to provide cost calculation services applicable for the Daily Jail Rate and Booking Fees. The actual cost for booking, detaining and housing an arrestee, including A-87 overhead costs are derived using standard cost accounting practices and procedures. The calculations shown in this report are based on:

- 1) Actual expenditures net of appropriate cost reimbursements,
- 2) the Countywide Cost Allocation Plan (A-87) approved by the State Controller's Office, and
- 3) Custody staffing levels.

BOOKING FEE CALCULATION METHODOLOGY

Discussion with Sheriff's Office staff provided the basis of the salary costs for the Booking, Maximum, and Minimum Security activities. All other expenditures for Custody in 12/13 were either directly applied to the appropriate activity or allocated between the three activities based on the ratio of salaries for each activity.

Indirect costs were derived from Sheriff's Office administrative costs, including cost from the Countywide Cost Allocation Plan (A-87). The indirect costs were allocated first to all Sheriff's Office functions based on the amount of support given to each function and then to the three custody activities; Booking, Maximum and Minimum Security, based on the ratio of salaries for each activity.

BOOKING FEES CURRENT FINDINGS AND PRIOR YEAR COMPARISONS

	FY 12/13	FY 11/12	Variance

I. Min. Security Housing Cost Per Inmate	\$127.57	\$102.95	\$24.62

BOOKING FEE DISCUSSION

Total booking costs increased in FY 2012/13 from FY 2011/12 mainly due to an increase in staffing with the addition of one ALC fixed post (one fixed post equals 5.2 FTE) in booking.

- In 11/12 the total amount of direct salaries and wages for booking was calculated to be \$873,585. In 12/13 the total amount of direct salaries and wages for booking was calculated to be \$1,165,096 for a total increase of \$291,511.
- In 11/12 the total amount of salaries and wages for minimum security was calculated to be \$1,135,449. In 12/13 the total amount of salaries and wages for minimum security was calculated to be \$1,468,601 for a total increase of \$333,152. The increase is due mainly to a change in the CO Sergeant position in minimum security from 1 FTE in 11/12 to a Sheriff Sergeant/CO II one fixed post position consisting of (25% Sher. Sgt & 75% CO II x 1 fixed post (one fixed post equals 5.2 FTE).
- In 12/13 the maximum security total cost decrease was a result of the increased costs in both booking and minimum security. As discussed above, booking had an increase in salaries and wages primarily due to the staffing increase of one fixed post ALC equating to 5.2 FTE. Minimum security also had an increase in salaries and wages as a result of the change from one CO position (1 FTE) to one fixed post 20% Sher. Sgt and 75% COII position (5.2 FTE). In order to balance the booking, minimum and maximum security costs with the total Main Jail Expenditures for 12/13, maximum security is allocated all dollars remaining after all costs for booking and minimum security are calculated. In 12/13 the increases in booking and minimum security staffing costs reduced the dollars remaining to be allocated to maximum security.
- In 11/12 the Sheriff's Office performed 9,513 bookings, and in 12/13 the Sheriff's Office performed 9,622 bookings, which is a 1.15 % increase in the total number of bookings for 12/13.

DAILY JAIL RATE CALCULATION METHODOLOGY

All divisions which fall under the Sheriff's Office budget units were reviewed for allowable jail housing costs – All 12/13 fiscal year costs incurred for the housing of inmates and/or jail functions were defined as:

- Direct Costs -all costs directly attributable to the housing of inmates were grouped into three functions "Custody, Jail Transportation, and Inmate Programs"
- Indirect Costs - Any Sheriff's Office administrative costs, including cost from the Countywide Cost Allocation Plan (A-87), which were not captured in the three direct cost functions listed above were allocated to the Sheriff's Office functions they affect, based on the amount of support given to each function.

The sum of all costs defined in the 12/13 calculations when divided by the total number of inmate housing days in 12/13 provided the figures for an actual 12/13 Daily Rate per inmate. The methodology for obtaining the 14/15 projected Daily Rate is to take the change in costs and populations between 11/12 and 12/13 multiply by two and use that percentage as a rate of change in estimating increased costs and population in 14/15. The comparisons are provided below:

DAILY JAIL RATE FINDINGS AND PRIOR YEAR COMPARISONS

FY 12/13

The total housing costs for the Placer County Main Jail equals \$27,640,377

- the total jail population equals 224,292, and
- the actual DJR equals \$123.23

FY 14/15

The total projected housing costs for the Placer County Main Jail equals \$31,009,837

- the total estimated jail population equals 267,072 and
- the DJR equals \$116.11

DAILY JAIL RATE DISCUSSION

When completed, the above DJR calculations project a 12.19% cost increase between 12/13 and 14/15 for the housing of inmates and projected a 19.07% increase in the number of inmates to be housed during the same time period. The projected increase in expenditures is a result of the increased allowable costs from \$26,052,435 in 11/12 to \$27,640,377 in 12/13. The projected increase in ADP is a result of the increase in actual ADP from 11/12 of 561 to 615 in 12/13.
