

**MEMORANDUM
COUNTY OF PLACER
ADMINISTRATIVE SERVICES DEPARTMENT
PROCUREMENT SERVICES DIVISION**

TO: Honorable Board of Supervisors
FROM: Brett Wood, Purchasing Manager *Bmw*
DATE: October 7, 2014
SUBJECT: Preparation of Environmental Impact Reports – Qualified List

ACTION REQUESTED

1. Approve a one-year extension of a Qualified List of firms for preparation of Environmental Impact Reports for public and private projects in Placer County, as the result of competitive Request for Qualifications No. 10054, for the period of September 13, 2014 through September 12, 2015.

BACKGROUND

On September 13, 2011, your Board approved the award of competitive Request for Qualifications No. 10054. As a result, a Qualified List for environmental impact report preparation services was adopted for the period of September 13, 2011 through September 12, 2014. The Qualified List showing the approved twenty-eight firms is attached.

The Community Development Resource Agency (CDRA) requested to renew the Qualified List for another year. These services will be utilized on an as-needed basis primarily by CDRA for preparation of Environmental Impact Reports (EIR) and other related environmental documents for private and public projects in Placer County. The Placer County Environmental Review Ordinance requires that EIRs prepared for private and public projects must be prepared by consultants under contract with Placer County. This provision is mandatory for all projects.

Based on the positive response from CDRA, Procurement Services recommends exercising the first renewal option, extending the Qualified List through September 12, 2015.

FISCAL IMPACT

There is no immediate fiscal impact resulting from this action. Individual contracts will be negotiated with one or more firms as needed, and the resulting expenditures will be funded from existing budgets or project funds, as appropriate. Contracts of \$50,000 or less may be executed by the Purchasing Manager. Contracts which exceed \$50,000 will require your Board's approval.

Attachment A: Qualified List

Cc: Donna Kirkpatrick, Senior Administrative Services Officer - CDRA
Crystal Jacobsen, Principal Planner - CDRA

**Qualified List No. 10054
Preparation of Environmental Impact Reports**
