

MEMORANDUM

DEPARTMENT OF PUBLIC WORKS
County of Placer

TO: BOARD OF SUPERVISORS
DATE: January 6, 2014

FROM: KEN GREHM / PETER KRAATZ

SUBJECT: **BRIDGE REPLACEMENT PROJECT ON ALPINE MEADOWS ROAD AT THE TRUCKEE RIVER, LANDSCAPE MAINTENANCE AGREEMENT WITH CALTRANS**

ACTION REQUESTED / RECOMMENDATION

1. Adopt a Resolution authorizing the Director of Public Works to enter into a Landscape Maintenance Agreement, with County Counsel and Risk Management's review and approval, for the Alpine Meadows Road Bridge Replacement Over Truckee River Project between California Department of Transportation (Caltrans) and Placer County. There is no net County cost.

BACKGROUND / SUMMARY

As approved by the board on December 9, 2014, the County will be advertising the Alpine Meadows Over the Truckee River Bridge Replacement Project this winter and going into construction Spring of 2015. The project will replace the existing bridge, improve road approaches on Highway 89 and Alpine Meadows Road, and construct a signalized intersection at Highway 89 and Alpine Meadows Road. The new signalized intersection requires pedestrian safety features due to the high volume of pedestrian traffic caused by the Truckee River Bike Trail crossing at the intersection and the close proximity to River Ranch Lodge and summer rafting activities. The pedestrian safety features chosen are concrete curb/islands that provide pedestrians safe refuge while waiting to cross Alpine Meadows Road. The concrete curb/islands are shared on Caltrans and County Right of Way (ROW).

Caltrans considers the features as landscape islands and requires a landscape maintenance agreement when they are built in their ROW. The maintenance agreement determines the future responsibility for the proposed landscape islands and clarifies responsibility of the County. The County will be responsible for maintaining these concrete islands as shown in Exhibit A at a nominal cost.

ENVIRONMENTAL

A Negative Declaration was prepared for this project pursuant to the provisions of CEQA and adopted by the Placer County Board of Supervisors on March 8, 2011. The NEPA Categorical Exclusion Compliance for this project was approved on March 10, 2011.

FISCAL IMPACT

The County of Placer will be responsible for the regular maintenance associated with the area identified in the Landscape Maintenance Agreement and Exhibit A which includes the concrete island. Typical maintenance would include repair of damaged concrete and any markings for an estimated cost of \$1,500 annually. The funding for this maintenance work will come from the Department of Public Works Road Maintenance Budget.
