FROM: KEN GREHM / KEVIN TABER

SUBJECT: PLACER COUNTY SUMMER 2015 FEDERAL HOT MIX ASPHALT OVERLAY,  
CONTRACT NO. 0914, FEDERAL PROJECT STPL 5919 (125)

## ACTION REQUESTED / RECOMMENDATION

1. Approve project specifications for the Placer County Federal Hot Mix Asphalt Overlay Summer 2015 project estimated to cost \$2,500,000 and authorize the Department of Public Works to advertise for bids. There is no net County cost.

## BACKGROUND / SUMMARY

The Department of Public Works performs various surface treatments on maintained public roadways to protect, preserve, and extend their useful lives. The selection of roads for surface treatment is typically a function of the road condition, traffic volumes, and funding. Placer County received federal funds to place qualifying surface treatments on roads functionally classified by the Federal Highway Administration (FHWA) as major collectors and above. The FHWA identifies functional classification as a key item in transportation data. Streets and highways are grouped into classes according to the service they provide. Only a small portion of Placer County's maintained miles receive these classifications, including the roads listed in the project.

Your Board approved funding for the current project in the FY 2014-15 budget. We are proposing to place a hot mix asphalt overlay on five different roads in Granite Bay and North Auburn in this year's project.

Construction details and estimated costs are as follows:

	STREET NAME	LIMITS	LENGTH	EST COST
1.	Douglas Boulevard	Barton Road to Auburn Folsom Road	5,300'	\$ 1,400,000
2.	Edgewood Road	Highway 49 to Edgewood Place	5,280'	\$ 346,000
3.	Nevada Street	Highway 49 to City of Auburn	760'	\$ 81,000
