

Notice: Proposed Garbage Fee Increase

For the past several years the Board of Supervisors has worked to minimize garbage collection fee increases, including keeping the disposal costs embedded in the fees stable since 2008, and worked with Tahoe Truckee Sierra Disposal to limit year-to-year increases in collection costs. In April, the Board of Supervisors will consider increasing garbage collection fees in County Franchise Area 3 to account for increases in operating costs. If approved, the new fees will take effect July 1, 2018. The proposed increases vary, depending on the level of service, but would not exceed 1.6%. California law (Proposition 218) provides customers who have mandatory service with the following options for participating in the fee approval process.
